

Clarks Beach Outfall – Marine Works Notice

Watercare is upgrading the existing wastewater plant and building a new outfall pipe at Clarks Beach. To build the new outfall pipe, dredging, piling works and pipeline installation will take place in the Waiuku Channel.

Please maintain a safe distance from the worksite while we undertake this essential mahi. Flashing lights, a top and reflective tape will be applied to any piles that are not covered by the barge.

- **Construction beginning: May 2025**
- **Construction completion: January 2026**
- **General working hours: Monday – Friday 7am – 6pm, with occasional works outside these hours**

We apologise for any inconvenience caused and thank you for your patience during these works.

If you have any questions, please contact us at southwest@water.co.nz
