

Book a health and safety site induction

Post: Watercare, Private Bag 94010, Auckland 2241

Email: info@water.co.nz

Phone: (09) 442 2222 Website: www.watercare.co.nz

Important information

We require all personnel to complete site-specific inductions before working on any Watercare site. This includes Watercare employees and anyone engaged by Watercare as a contractor, sub-contractor, consultants and third parties working on our facilities, e.g. security, telecommunications.

Strict control of access to all our operational facilities, assets and project sites must be maintained at all times to ensure the health and safety of everyone on site and in the vicinity of the site, along with protecting the operational integrity of our facilities. The dynamic nature of operating facilities and the changing hazards that exist at any time require strict access control.

Please complete this booking form and send it to the relevant contact person listed below.
